VIRGINIA BIO + TECH PARK + OTHER KEY ASSETS

- The 34-acre site is in downtown Richmond, **adjacent to the VCU Medical Center.**
- **Home to more than 70 life science companies,** research institutes, and state and federal laboratories, employing approximately 2,500 scientists, engineers, and researchers.
- Consists of nine buildings, totaling **over 1.3 million square feet of research/office space** and growing. Partnerships with the surrounding counties extend the Park's overall reach.
- Tenants include **Altria Center for Research & Technology, United Network for Organ Sharing (UNOS), and Virginia Division for Consolidated Laboratory Services.**
- Houses an incubator facility, the **Virginia Biotechnology Center,** which has supported **more than 70 bioscience companies** in opening, including three publicly traded graduates.
- The **Alliance for Building Better Medicine** won the Build Back Better Regional Challenge 2022 Award from the U.S. Department of Commerce's Economic Development Administration.
- **Virginia BIO,** the statewide non-profit trade association, is headquartered at the Park.

“

The R&D center of excellence in Richmond has long demonstrated how trusted science can deliver better everyday health with humanity, and Haleon's continued investment here reflects a deep commitment to that purpose and to the community that has long made this work possible.

Charles S. Shanahan, Ph.D., Richmond Transformation Lead, Haleon US
